👤 Profile

Computer Science undergraduate with strong foundations in **Data Structures, Backend Development, and Databases**.

🧠 Skills

- **Programming**
c++ | Java | Python
- **Web and Backend**
Django | Flask | REST APIs | HTML | JS | Tailwind CSS
- **DataBase**
PostgreSQL | SQLite | MongoDB
- **Tools**
Git | Github | VsCode
- **Core CS Concepts**
Data Structures & Algorithms | OOPS | DBMS | OS

🎓 Education

Indian Institute of Technology Madras, BS in Data Science 09/2024
Completed Foundation Level
Currently in Diploma India

Babu Banarsi Das Institute of Technology & Management, B-Tech CSE (AI-ML) 09/2023 – 09/2027
Lucknow

Bradford International School, X and XII Patna
88 % -> 10th
80 % -> 12th

📁 Projects

Vehicle Parking Management System, Built as part of IIT Madras MAD-1 Academic Project ↗

- Designed and developed a **full-stack web application** for managing vehicle parking records
- Implemented complete **CRUD functionality** for vehicle entries and user data
- Integrated backend logic using **Flask** and persistent storage using **SQLite**
- Focused on clean routing, form validation, and modular code structure

Clubs & Societies

Srijan Sabha, Core Member – *Srijan Sabha | IIT Madras BS*

09/2024

Chennai
